Clear gloss monomeric vinyl featuring a permanent clear adhesive. This material has been specifically designed for digital printing on large-format inkjets and is suitable for printing with eco solvent and solvent inks as well as UV-cured inks.

**IP 2527**

IP 2527 is a monomeric vinyl, incorporating a B1 fire rating, that has been specifically designed for printing with all solvent and UV inks. It can only be used on flat surfaces and is intended for indoor and short-term outdoor applications. IP 2527 features a strong, PE-coated, backing paper, which offers excellent lay flat properties. The product must not be wet applied - i.e. dry application only. Laminate: IP 2820-101, IP 2820-200 or IP 2830-200 (for trade shows, exhibitions, etc).
