Product Information

Transparent Polyethylene film for the application of self adhesive lettering and logos. The tape is suitable for all types of vinyl.

Especially to be emphasised are the following properties:

- The plasticiser resistant adhesive guarantees a strong initial tack to all types of vinyl films. The Application Tape is easily removed without leaving any residue, even after being left for a period of time.
- The transparent film conforms well to irregular surfaces and provides a high stretching strength to enable accurate positioning of the work.
- The adhesive is coated on in a special way which ensures that the tape is easily unrolled thereby eliminating static problems in handling.
